Theodore " Dutch " J. Van Kirk was the navigator on the "**Enola Gay** when it dropped the bomb at Hiroshima , Japan, and is the last surviving member of the crew. This really happened.

Dutch was asked to speak at a grammar school this past week. The young teacher introduced him by saying the speaker was a veteran of World War Eleven (as in WWII). Dutch stood up and walked out of the school without saying a word. End of story..

GOD HELP US!

*It is only going to get worse as thousands of **illegals** are released into our society, as over 500+ were released in El Paso this Christmas week at the Greyhound bus station with a 'promise' to return when a judge can find time to review their application for asylum.....yeah, right!*
